This document provides you with all the necessary information about the upcoming election of the student parliament (StuPa) and the student councils (FSR). The election is based on the election regulations of the student body in the version dated 28.02.2024.

When is the election?

There will be four election days:

Day	Date	Time
Monday	2.12.2024	10:00 – 16:00

Who is elected?

In this election, the free **chamber of the student parliament** is elected by direct election, as well as 12 members of the **student councils** with a separate ballot paper.

How is the election conducted?

The election will be held entirely in **person**. As usual, the polling station is located in the foyer of Building I (next to Audimax II / above the canteen).

In addition, it will be possible to vote by **post**. The postal voting documents can be collected from Monday, 25.11.2024 from the AStA secretariat (take your ID and matriculation number with you!).

How can I stand for election?

If you would like to run for your FSR, you must complete the “**FSR election proposal**” (“Wahlvorschlag FSR-Wahl”) form within the application period and send it to the election committee.

Applications for the free chamber of the student parliament are submitted as a complete list. For this purpose, the form “**Election proposal StuPa election**” (“Wahlvorschlag StuPa-Wahl”) must be completed and submitted to the election committee by 22.11.2024 (12:00 noon).

The application forms can be found attached to this email and can also be downloaded from the StuPa website. They are also available in paper form at the AStA secretariat.

The forms can be submitted by e-mail to **wahl@asta.tuhh.de** or in paper form in the mailbox of the AStA in building E. The receipt of each application will be confirmed by e-mail.

Public relations

We (the election committee) will produce an **election newspaper** containing information about the candidates and lists.

For this purpose, each person standing for election should also submit a photo and an election slogan (maximum 140 characters) by e-mail by 22.11.2024 (12:00 noon). Anyone running for a list and an FSR should submit two election slogans and mark them accordingly. Each list will also receive an A5 page in the election newspaper for free design.

The election committee has a **budget for election advertising for the lists**, which they can also use to advertise themselves. All lists that are admitted to the election will receive further information by email.

How can I contact the election committee?

If you have any questions or concerns regarding the election, you can contact us at any time by email at **wahl@asta.tuhh.de**.

We look forward to an exciting election,
