FOREWORD OF THE ASTA-BOARD

Dear students,

After a long wait and repeated postponements, the StuPa and

FSR elections are finally taking place. This election, like every election, is extremely important for the democratic legitimacy and functionality of our student selfadministration and nevertheless, this election is special due to the postponement of the election date and other coronarelated circumstances.

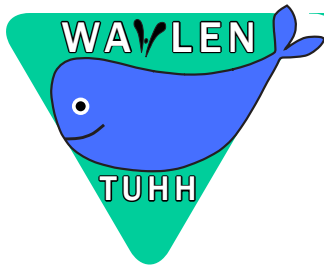

We would therefore like to thank everyone who took part in this election, thereby making it possible and giving it a meaning: the previous and current electoral committee; everyone who has signed up for the FSRe and the free list positions and finally, everyone who goes to vote!

We would also like to thank everyone who, due to the postponement of the election, was in office half a year longer than they had planned and still carried on and thereby ensured the functionality of the student administration.

With this in mind, we look forward to a successful election and a good start to the new legislative period!

Your AStA board

TT, Mareike and Matthew

Fachschaftsräte (Student's Councils)

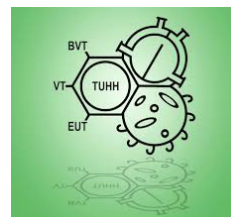

The Student's Councils take care of everything concerning the courses and the students of their course of studies. Members of the Student's Councils are sent to the examination and objection committees, help shape the subject-specific examination regulations (FSPO) and take part in examination and course planning.

The FSRs host a variety of events such as the a week of orientation for new students or career opportunity fairs, they connect you with lecturers and help you out in questions regarding courses, exams and other aspects of student life.

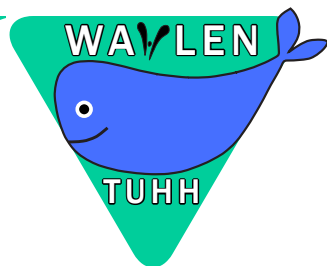

In addition, the Student's Councils are represented in the StuPa by the Student's Council's Chamber.

FSR Elektrotechnik
Informationstechnik

Student's Parliament (StuPa)

The StuPa has 25 members in total.

The Student's Council's Chamber takes up 12 of those seats which are directly elected and filled by the individual Student's Councils. The amount of seats representing each Student's Council's depends on the number of students enrolled in the respective courses of studies and, during this year's legislature, will be distributed like this:

FSR AIW / GES: 1 seat

FSR MB: 2 seats

FSR BaU: 2 seats

FSR MWT: 1 seat

FSR ET / IT: 2 seats

FSR SB: 1 seat

FSR GTW: 1 seat

FSR VT: 2 seats

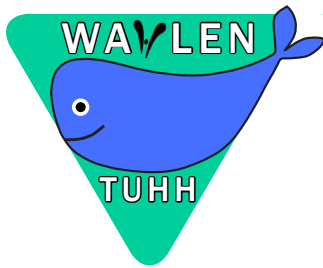

The other 13 seats are taken up by the Free Chamber. Here your fellow students have formed lists to shine light on topics that are particularly dear to them and to their voters.

Usually, the StuPa meetings take place every two weeks on wednesday afternoons, elects the members of the AStA, decides on it's budget, establishes working groups on specific topics and much more!

Since the meetings are open to the members of the university, you are welcome to participate as a guest at any time. You can also read the protocols on the StuPa's homepage.

Maybe a specific topic will arouse your interest and you will step up next year for elections. Dedicated people are always looked for!

HOW TO VOTE?

STUPA-ELECTION

You may distribute a maximum of 13 votes.

You can give your votes to the list as a student alliance or distribute individual votes among your desired candidates of the lists. With list votes the list gets more seats in the StuPa. With candidate votes you additionally influence the order of the candidates.

You may also split your votes between candidates and lists as long as you do not place more than 13 crosses.

FSR-ELECTION

You may distribute a maximum of 12 votes.

The order of the candidates on the ballot is determined alphabetically. You can give one vote to each candidate.

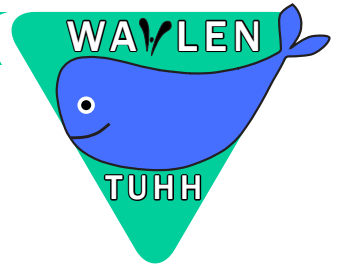

The twelve candidates with the most votes make up the FSR.

Setze deine Kreuze in die vorgesehenen Kreise.

Dein Stimmzettel wird ungültig, wenn mehr Stimmen als erlaubt verteilt wurden oder andere Kommentare darauf stehen.

Du darfst aber weniger als die maximale Stimmenanzahl verteilen.

INFORMATION REGARDING THE ONLINE ELECTION

Due to the ongoing pandemic, this year's election will be held online. This means you can cast your vote no matter where you are.

All you will need to participate are your login credentials used to access your university e-mail account.

You will be able to cast your vote at any time between May 17th and May 22nd!

Further details and the necessary links will be provided via e-mail. So make sure you check your messages regularly!

Wer sind wir?

DAS ASOZIALE NETZWERK

Und was haben wir vor?

- Mehr Sicherheit auf dem Campus
- Sitz- und Arbeitsplätze im Außenbereich
- Herr, es ist Zeit - für Nachhaltigkeit
- Und alles was ihr so an uns herantragt!

Unser Leitbild aus dem Kapitel „Bis in den Jemen“:

ICH ARBEITE GERN — FÜR DEN UNIKONZERN

Wie wollen wir das umsetzen?

Mit eurer Stimme könnt ihr uns ins StuPa schleudern und wir halten unsere Wahlversprechen so gut, wie die „großen“ Parteien es vormachen!

STUPA AHOI!

UND IMMER EINE HANDBREIT

WASSER UNTER'M KIEL!

ASOZIALES NETZWERK
